

Elmer's Unreal Site

How to Win:

Bowl a 300 (or as close to it as possible!).

How to Play:

In Multiplayer Bowling, you may choose whether to: Join Any Open Lane, Create A Private Lane, or Join A Private Lane. Then choose your favorite Creme Savers flavor for your bowling ball by clicking through the choices on the bowling ball to the right of your player name.

When you're standing at the approach to the lane:

move the mouse to the left or the right to adjust where the bowler stands.
Press and hold the mouse button, then move the mouse in a **gentle upward motion** ,
releasing the button along the way.
(With this motion you control the **angle** and the **force** of your throw.)
Move the mouse to the left or the right while the ball is traveling down the lane and you'll add **spin** to the ball.

Bowling tip:

Start the ball slightly off center and curve or hook the ball into the pocket.

Scoring: To view the scorecard- press the **spacebar**. The current frame of the player who is up is, **highlighted** in yellow. To remove the scorecard, press the space bar or click in the game screen.
